

## **BOULES**

**Boules, or Petanque, is a fun and social game well known to those who visit France. It can be taken seriously, as witness the regional competitions all over Europe, or light heartedly, between a good gossip and a “petite verre” or two.**

**The Tetbury group is in its infancy at present and thus the atmosphere is definitely light and friendly, with many learning the rules for the first time. It will develop to meet the needs of the members but it may well be we end up with a team or two that will challenge other U3As or even enter local competitions.**

**We play at the Red Bull, near Malmesbury, which has an excellently well maintained number of pitches, at 10 am on alternate Fridays in the good weather months. No decision has been taken over playing in the winter yet.**
