

The Pub Lunch Group have had a very successful first meeting and are now planning the next. Some people might be nervous about dining out but there is no need to be with this group. We are a friendly group made up of ordinary U3A members from all walks of life. People who enjoy dining in the company of others and probably a good natter as well as good food. It doesn't matter if transport or driving beyond Tetbury's boundaries is a problem for you as there is always someone who can offer a lift and we try and cater for all pockets. We aim to have a meeting every month using a different venue every time. These will normally be on a Tuesday or Wednesday and possibly a Friday but other days may also be used. It doesn't matter if you have a partner or are single or a vegan or vegetarian. If you are vegetarian or vegan and want to join us then let the leader know and he will ensure he chooses venues with these options.

We are not limited to numbers as not everybody has the same days free so we will probably never have a full house. There is nothing to lose by giving us a try, and maybe lots to gain, and new friends to make.
