

The Historic Buildings Group offers its members a programme of visits to regional places of historical interest, aiming to negotiate some added value for each visit. This might involve a group discount, a guided tour where none is normally offered or access to somewhere special.

For most visits, car sharing is possible, although we do not rule out coach hire for visits which are further afield and where numbers can justify it. This may entail booking and paying up to three months ahead as we are not permitted to build up any reserves.

Our recent past visits have included Dunkirk Mill, Rodmarton Manor and Bathurst Estate

If any members would like to suggest possible places of interest, the group leaders will always be pleased to hear from them.
